

NEED \$15,000 TO FINANCE SCOUTS

Start Brief Drive for Funds at Noon; Clubs Backing Movement

WILL CANVASS CITY

Scouts Speak at Picture Shows; to Raise Fund in Short Campaign

With \$15,000 to raise by night, scouts recruited from the civic organizations of the city will begin their brief campaign for funds with which to finance the local organization of boy scouts for the next 18 months at half past 1 o'clock today. The start will be made from the Hotel Tulsa just following the Rotary luncheon.

Ralph C. Scott, who established the Y. M. C. A. in Santiago, Chile, is interested in boy scouts as well as in the Y. M. C. A., that he represents and he will talk to the group of workers for a short time just before they start. A. V. Davenport, campaign manager, will give instructions and it is the campaign organization plan that the job be finished up right. The city has been selected, the workers organized and assigned districts and everything in readiness for a short and thorough campaign. The \$15,000 that is to be raised is to finance the boy scout organization for a year and a half.

The scouts themselves have already had a part in the campaign by distributing pledge cards and a number of them made brief talks at the picture shows, and will do so again today.

Character development, it has been explained to the workers, all of whom are thoroughly in sympathy with the work that they are having a part in, is the real objective of the boy scout movement. Every step in the program is to be a means to this end. The variety and interest of, as well as the interest inspired by, a tenderfoot second and first class tests are after all but a means for holding the interest of the boy, pledged to the scout oath and law under such leadership as will bring about character development. Such development is manifested itself in health, efficiency, industry, loyalty, patriotism and good citizenship.

AIR TROUBLES IN COURT

Married 27 Years, Mrs. Golden Now Wants Divorce

The Golden family, natives of Australia, but now naturalized Americans, carried its troubles into court yesterday when Rachel Golden filed a petition for divorce against Jacob Golden on the grounds that he failed to properly support the family and had been cruel. The Goldens were married in Australia in 1895 and emigrated to America two years later.

There have been five children born to the union. The oldest is 27 years of age and the youngest nine years of age. For several years the family resided in New York City. Golden worked in the Pullman company until discharged because of his anarchistic and socialist talk, the petition charges. He has often been guilty of cursing and abusing his wife and has never properly supported the family, it is alleged.

Forced to support the family, Mrs. Golden says she has operated boarding and rooming houses of her own in North Main department store. She also claims that she purchased 20 lots in Wichita, Kansas, with her earnings but had the title to the land and also this department store here, placed jointly in her and her husband's name. She is now asking for a divorce decree and absolute title to all of the land and the store.
